SEVEN SEAS SPLENDOR - *luxury perfected*

In 2017, the canvas was set, and *Seven Seas Splendor* was named. The first cutting of steel in 2018, followed by the laying of the keel, marked significant beginnings in this multi-year journey of perfecting luxury.

Delivering a ship at this level of excellence required an attention to detail akin to the vision and touch of a master artist. The lavish finishes include over an acre of marble tiling, one-of-a-kind lighting installations bringing life to a multi-million-dollar art collection of one-of-a-kind pieces, both curated and commissioned, as well as intricate inlays, embellishments and private balconies that are the most elegant and among the most spacious at sea.

It's been an honor to share so many significant milestones with you — our guests — throughout the process of creating our latest masterpiece, from the announcement of Captain Melani

taking the helm as the world's first woman to launch a cruise ship to showcasing the intricate construction work performed by the talented team of shipbuilders in Ancona, Italy. *Seven Seas Splendor* will take you to new destinations with new experiences awaiting you both on board and on shore. Relax with the globally inspired treatments and expert care of Serene Spa & Wellness™ and expand your knowledge with the new Culinary Arts Kitchen classes. This is a journey that has further elevated our offerings, creating a true masterpiece, serviced by the finest crew on the ocean.

And now, please delight in exploring and experiencing the latest edition to the world's most luxurious fleet and the next reason to travel. Welcome aboard luxury perfected — *Seven Seas Splendor* — and may you enjoy...

After graduating from Nautical College in 1993, she was one of only a few females to hold roles of increasing responsibilities on oil tankers, cargo and container vessels. Captain Melani joined Regent in 2010 as a Bridge Officer, then served as Navigation Officer, Safety Officer and Staff Captain. She became the company's first female Master Captain in 2016. Staff Captain Michelozzi graduated with an associate degree in Business and Management from the University of Phoenix in 2012 and is currently studying at the University of Kent for a Maritime, Leadership and Management degree. In addition to being responsible for the ship's engines, he directs a 34-person crew with a lengthy list of responsibilities from air conditioning and plumbing to steering machinery, fuel lines and more. Born in Piano di Sorrento, Chief Engineer Russo resides in Sant'Agata sui Due Golfi and Capri Island, where his wife is from. After completing his Engineering studies in Piano di Sorrento, he began his career working on container ships for 5 years.
