Enjoy an immensely scenic and highly entertaining drive through Victoria, the compact capital of British Columbia with a distinctly Canadian flavor. You will hit the highlights, but none so broadly illuminating as a stop atop Mount Tolmie for a sweeping 360° view of the city. Major attractions in the heart of Victoria include the grand Parliament complex along the Inner Harbor, the British-influenced Empress Hotel, the University of Victoria and Canada's oldest Chinatown, which was settled by the 19th-century Chinese immigrants that arrived to build the railways and join the gold rush. Still, few institutions are more well-known in Victoria than Tim Hortons, where you will pause for a cup of its signature coffee and perhaps a donut. By tour's end, you will know more about Victoria than you ever imagined as you will play trivia along the way and receive a Canadian goodie bag.

- Gain an overall perspective of Victoria on a panoramic drive through the downtown.
- Pass landmarks such as the Parliament complex, Chinatown and the Empress Hotel.
- Enjoy a cup of coffee and a baked good at Tim Hortons, a downtown institution.

SEA-007 SEATTLE UNDERGROUND

Duration: 2.00 Hrs **Tour Price:** \$0.00

Date: May 01, 2022 02:30 PM, 04:30 PM

Explore the remains of the original city that lie beneath Pioneer Square by walking the eerie subterranean passages with a guide that will regale you with stories of Seattle's raucous past. A raging fire in 1889 destroyed a 25-square-block area and most of the district's wooden buildings. During the re-construction that followed, fill dirt was added to raise the low-lying swampy streets and retaining walls were built, effectively burying the old city. For decades, this underground world was forgotten, as fire-resistant stone buildings were erected well above the former level of the city. Today, Seattle's so-called basement is one of the city's most unusual attractions. As you meander through the tunnel-like passageways, you will see Seattle's original streets and first-floor storefronts of buildings that have been long buried. It will be like walking through a time capsule. To enhance the experience, the guide will describe the rogues and smugglers that once inhabited Seattle's underground.

- Walk along some of Seattle's original streets, which have long been buried underground.
- Gain an understanding of how and why parts of the original city were covered over.
- Hear entertaining stories of the ne'er-do-wells that once lived in this underground world.
